**Purpose of the Collateral Desktop Analysis (CDA)/Appraisal Desktop Review Assignment:**

To determine whether an additional review is warranted, the value conclusion of the appraisal under review is reasonable and adequately supported, and to identify any material deficiencies that erode the reliability of the appraisal report under review including a final assessment of Risk: Low, Moderate, or High. When possible, within the limited scope of the assignment, the review appraiser is to render an opinion of value of the subject as of the effective date of the appraisal report under review.

**Intended Use:**

The intended use of the CDA/appraisal desktop review assignment is for the client/intended user(s) & ensuing Loan Purchasers, Securitization Issuer(s) and their Agents to evaluate the accuracy and adequacy of support of the appraisal report under review for use in loan funding due diligence, loan sale and/or loan securitization purposes.

## I. Primary Risk Indicators Identified in Review of Original Appraisal

**Subject**

- Externalities

**Comparables**

- Data Verification/Sources
- Lack Of Sale/List History Analysis

## II. Analysis Commentary

**Are the market conditions accurately and adequately described?**
Yes, the market conditions appear to be accurately and adequately described. Market conditions were stable per repeat sales trend lines for the prior year/year. Neighborhood property values are reported as stable per Original Appraisal. REO activity is present with REO saturation at 0.5% for the most recent quarter per Clear Capital Retrospective HDI data.

**Have the subject property's improvements been accurately reported, including interior/exterior photos representing the reported condition and quality ratings? Provide a summary of your observations below.**
Yes, the subject property's improvements are accurately reported, including interior/exterior photos representing the reported condition and quality ratings. The following is a summary of the improvement description: Per O/A, the subject was reported as a 48th-Floor CONDO in a suburban neighborhood. It was also reported to be a 1 level styled structure that was built in 2008. The O/A reports the property in " good (C3) " condition. There were no negative externalities or deficiencies affecting the subject in the report or the aerial maps herein. The actual GLA, therefore, is 1392 square feet. This is the GLA used for the selection of supplemental comps.

**Has the prior sale or transfer history analysis of the subject and comparables been accurately and adequately provided?**
Yes, the prior sale history of the subject and the comparables has been verified. A summary of our findings are as follows: The subject was verified with O/A as a refinance transaction. All comps were verified with the MLS except comp 1. Only Comps 1 - 4 were also confirmed with public records. The Appraiser certifies and agrees that the prior sale or transfer history analysis of the subject and comparables are accurately and adequately provided.

**Were the comparables adequately selected, analyzed and accurately presented?**
Yes, the comparables were adequately selected and supportive of the value conclusion. The description of the subject appears to be accurate. Comparables provided in the O/A were recent and relevant. No major deficiencies, errors, or omissions exist in the O/A. Comps 1-3 are sold from 04/2025 - 11/2025. Comps 1-3 age range from 18 - 18 years old. Comps 1-3 GLA range from 1239 sq. ft. - 1392 sq. ft. Comps are located from 0.00 - 0.00 miles from subject.

**Is the value conclusion of the appraisal under review reasonable and adequately supported as of the effective date of the appraisal?**
Yes, the value conclusion is judged reasonable and supported by the comparables used in this report. Comparables in the O/A were the most similar in age and GLA. O/A comps appeared relevant and reliable. No additional properties were selected. The O/A comps are judged the best value indicators and supportive of the value conclusion.

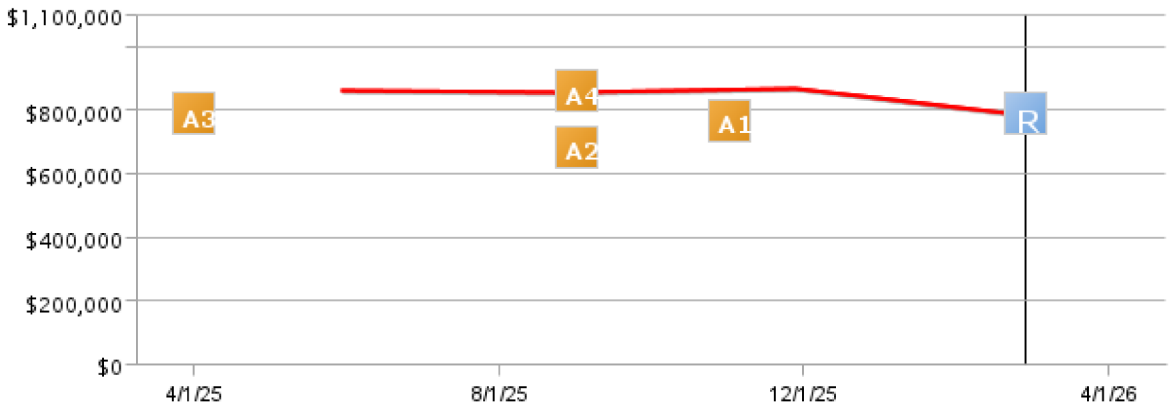
**Final appraisal analysis and deficiencies summary:**
Yes, the comparables chosen in the O/A appeared appropriate, and relevant. No additional properties were selected. The indicated value in the O/A is supported by the OA comps. Comps 1-3 are sold from 04/2025 - 11/2025. Comps 1-3 age range from 18 - 18 years old. Comps 1-3 GLA range from 1239 sq. ft. - 1392 sq. ft. Comps are located from 0.00 - 0.00 miles from subject. Subject & comps are condo units in same market area. An extraordinary assumption is made that the appraisal being reviewed contains factual and credible information.

**If you disagree with the final value conclusion of the appraisal under review, summarize your value conclusion:**
Not Applicable.

**Do you recommend an additional review to be conducted on this appraisal?**
No additional Review recommended.

# Supplementary Information Addendum

## III. Market Trend



The lines show the trended value for both the appraised value and CDA conclusion. The R icon represents the appraiser's reconciled CDA Value. The R icons followed by a number represent the appraiser's reconciliation comparables. The A icon represents the appraised value (it is often hidden under the reconciled value when the effective date and value are the same). The A icons followed by a number represent the appraisal comparables.

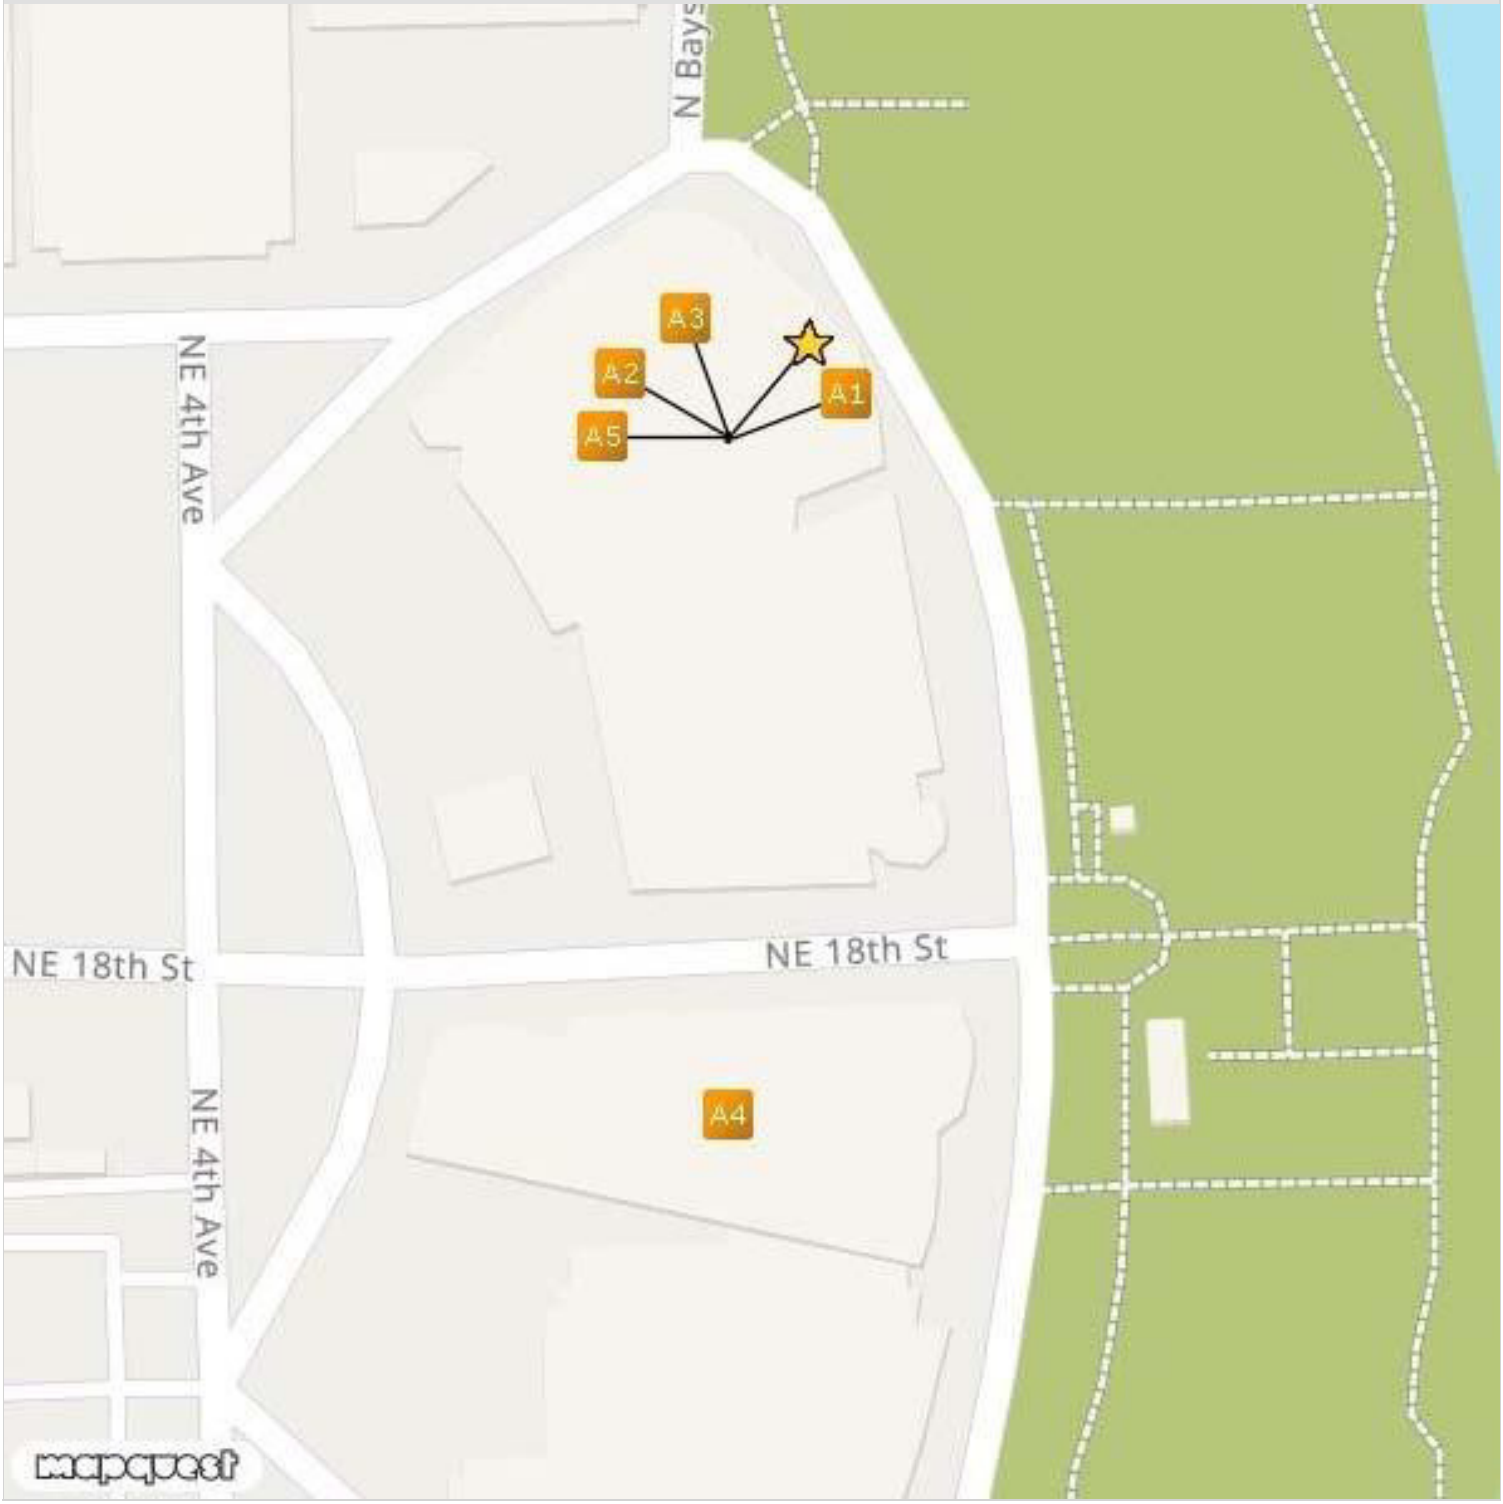
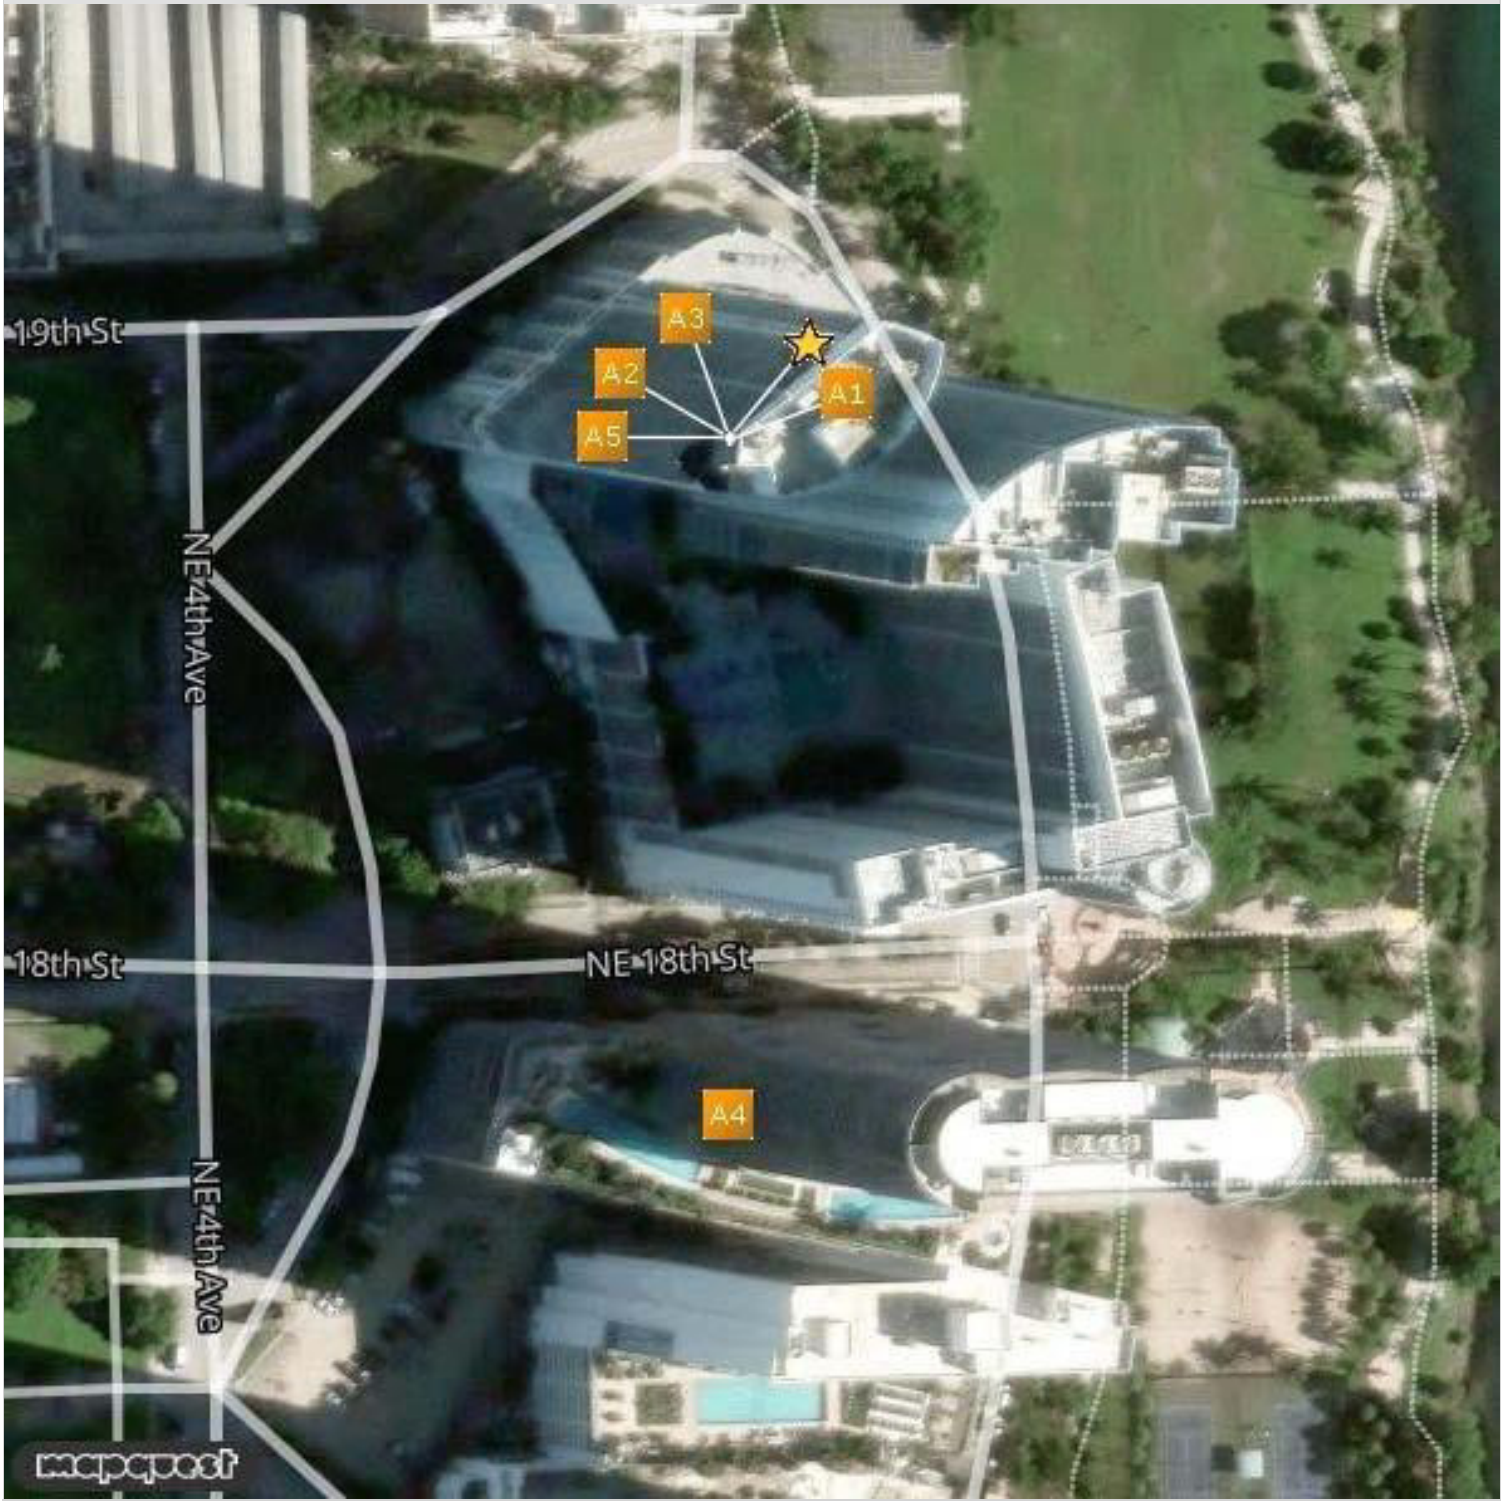
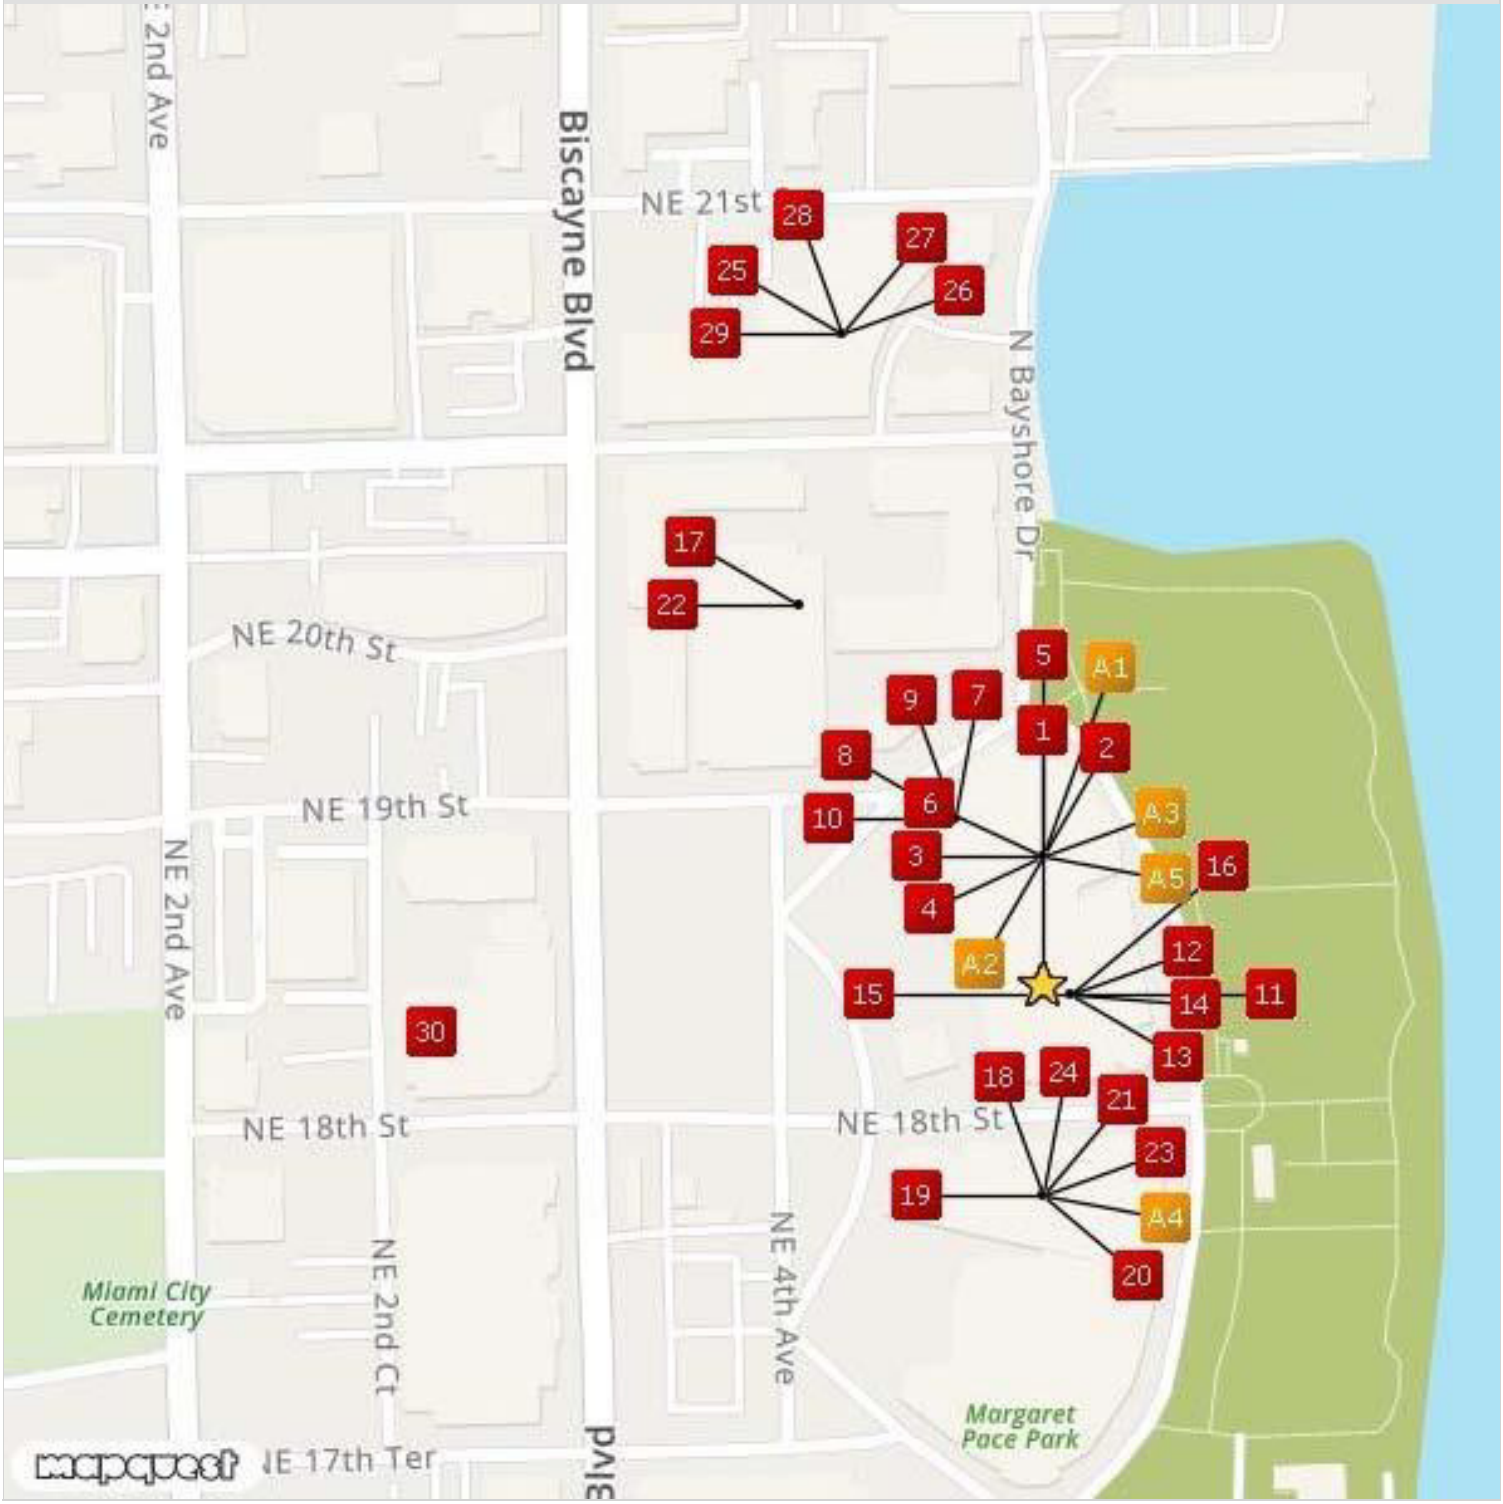
## IX. Location Map - Appraisal and Reviewer Selected Comparables



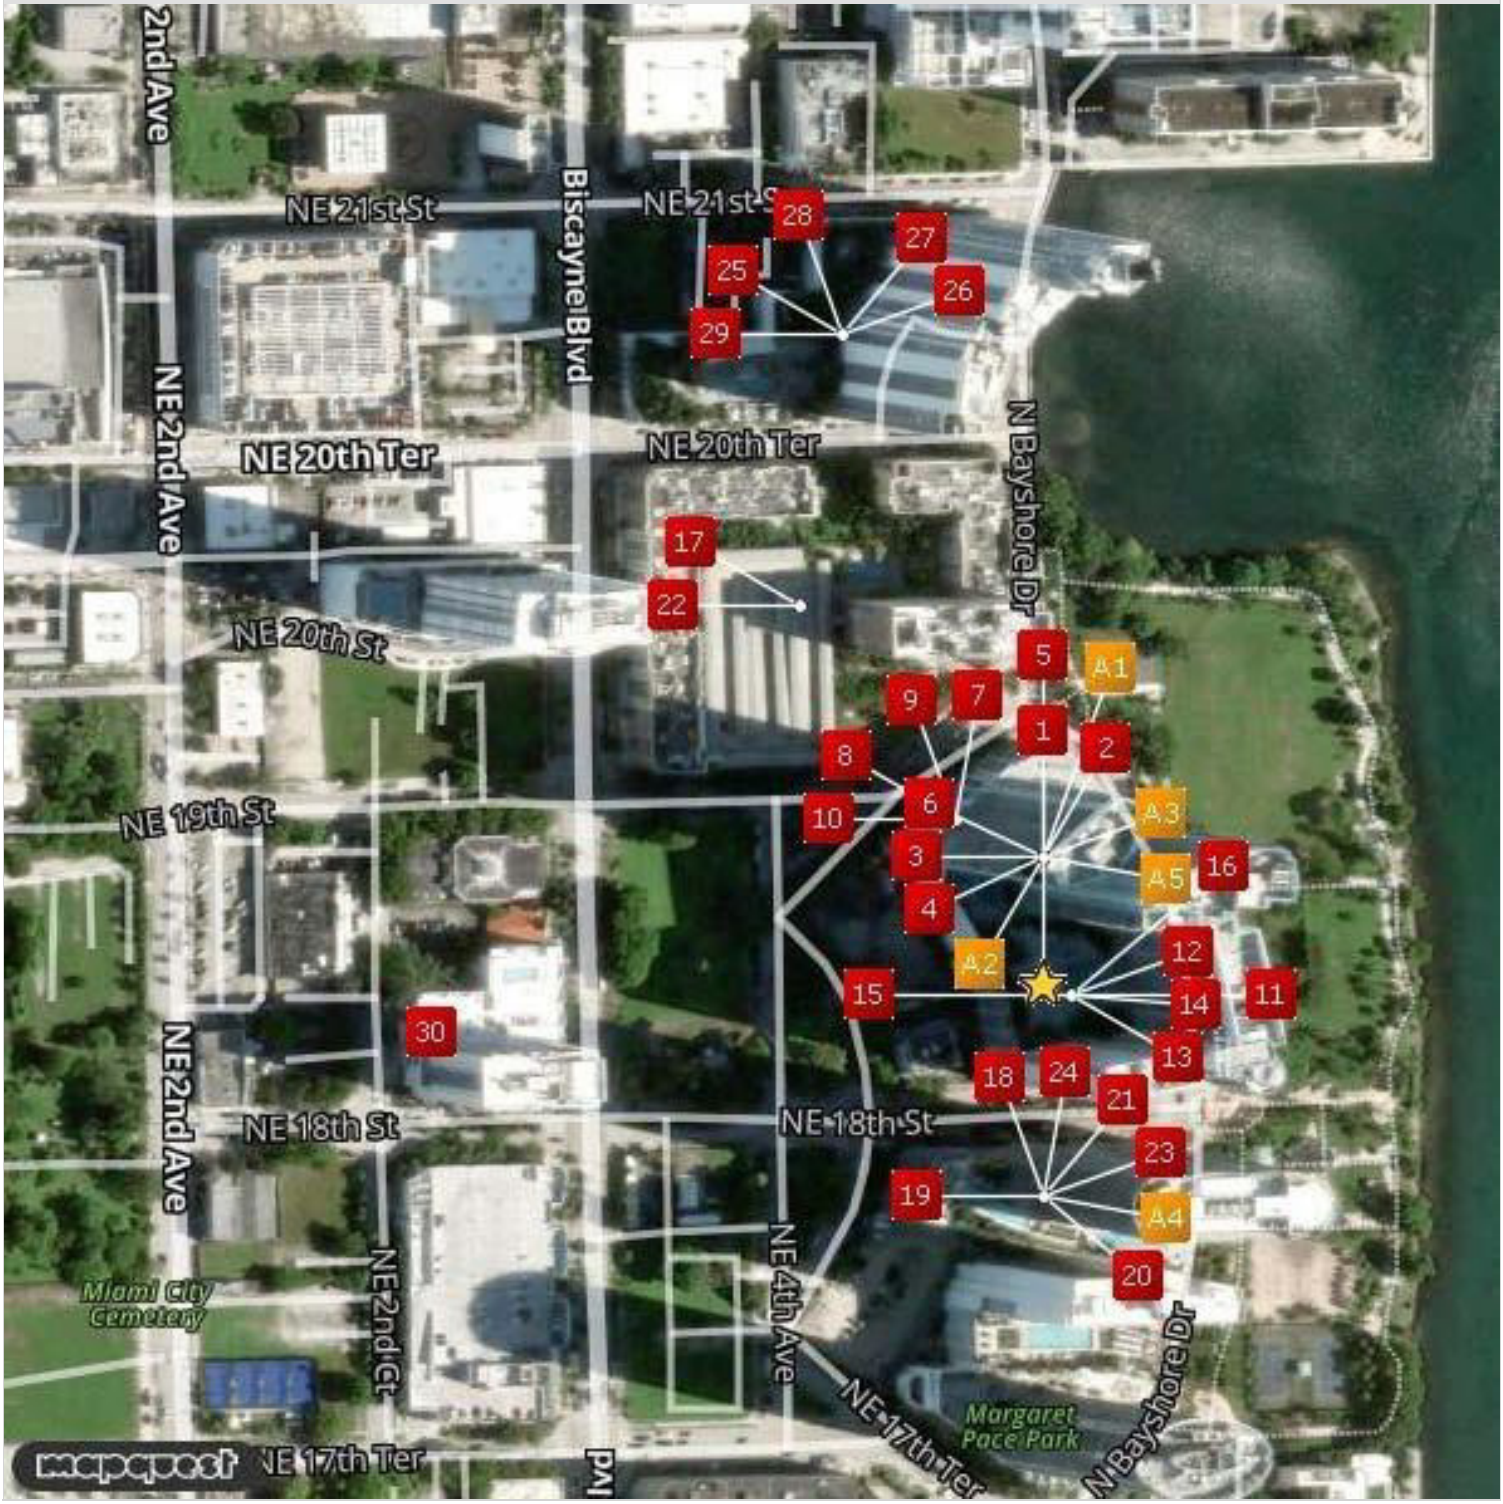
## IX. Location Map - Appraisal and Reviewer Selected Comparables



## Location Map - All Comparables

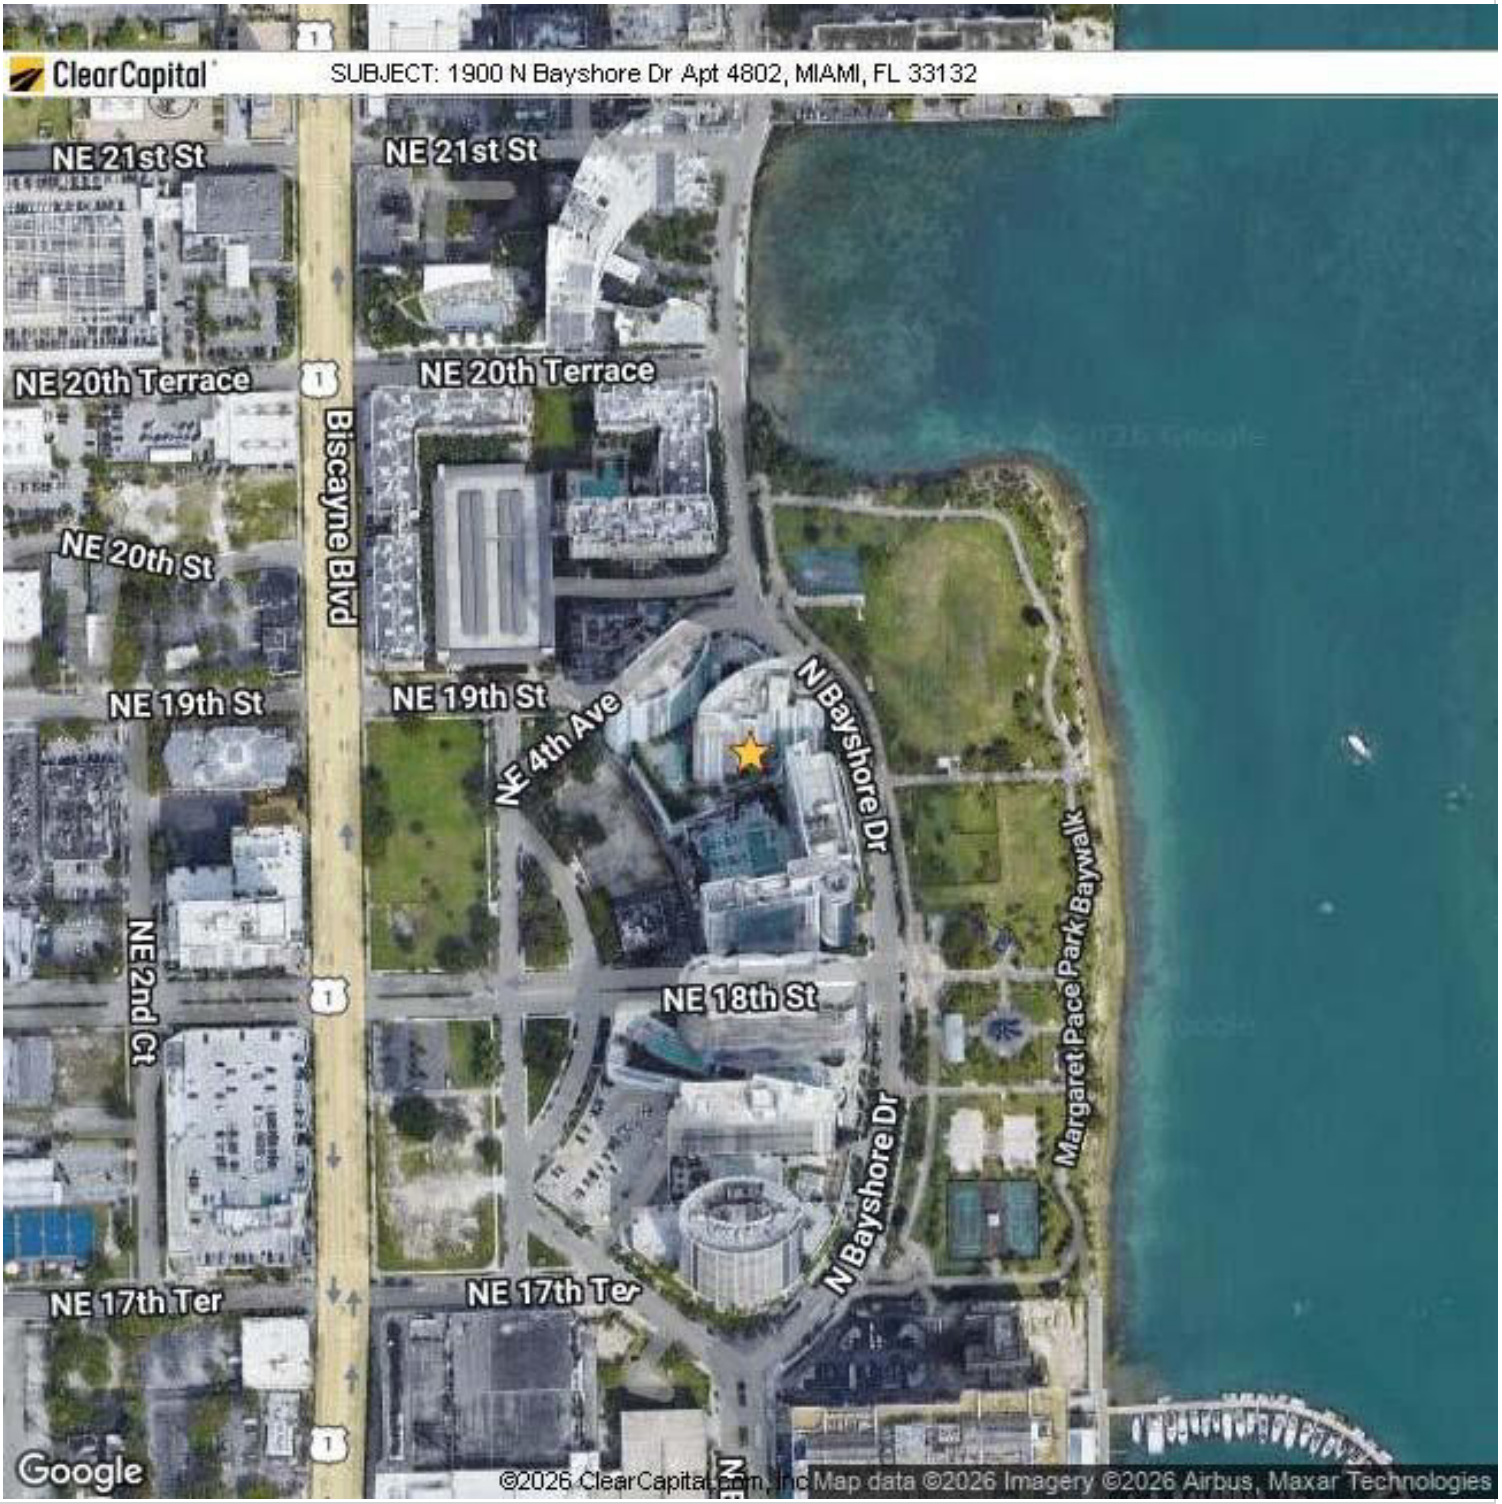


## Location Map - All Comparables



## Aerial Imagery Addendum

**View: Satellite Date: 3/25/2026**



**Report Header Text**

- Subject Address: Customer-provided street address
- Borrower Name: Customer-provided borrower's name
- Report Date: Date the report was ordered
- Delivery Date: Date the report was delivered to the customer
- Loan No: Customer-provided loan number
- APN: Assessor Parcel Number provided by tax assessor data
- Property ID: Clear Capital-assigned tracking number
- Order Tracking ID(s): Customer-provided tracking number

**Risk Score**
Indicates how well the Appraisal value is supported.

- Low Risk: Analysis reveals no significant deficiencies, value appears supported.
- Moderate Risk: Analysis reveals some deficiencies; value appears supported within 10%.
- High Risk: Analysis reveals significant deficiencies; Additional Review recommended.
- Indeterminate: Analysis reveals significant deficiencies; market data is indeterminate. Additional Review recommended.

**Additional Review Alert**
Indicates ("Recommended/Not Recommended") whether or not significant deficiencies were noted during the review that may warrant Additional Review by a local appraiser.

**CDA Value**
Value derived based on market research as of the effective date of the Appraisal under review.

**CDA Value to Appraisal Value**
Variance between the Appraisal and CDA value.

**Risk Indicators**
List of deficiencies noted during review of the subject and comparables that erode the reliability of the original valuation.

**Analysis Commentary**
Narrative detailing the subject property, all reconciled reports, supplemental market data and the support behind the value conclusion.

**Market Trend Graph**
The red lines indicate the Clear Capital Home Data Index™ trends for the subject's ZIP code. The lines indicate the trended values for the Appraisal under review and CDA conclusion.

**Appraisal Data List/Sale History**
List and sales history search from MLS and/or public record data of the subject and comparables from the Appraisal under review. MLS documentation is provided for any sale or listing found within the search period.

- Subject — previous 36 months prior to the effective date.
- Comparables — previous 12 months prior to the effective date.

**Original Appraisal Comparables**
Characteristic grid of the comparables from the Appraisal under review for ease of comparison.

**MLS Search Parameters**
MLS search parameters used to identify competing sales based on the subject's characteristics.

**Reviewer's Selected Comparables**
Comparables selected by the review appraiser that best represent the competitive market for the subject property providing support for the CDA Value.

© ClearCapital.com, Inc. 2026

**Additional Sale Transactions & Comparables**
Provides a view into the competitive market for the subject as of the effective date of the original Appraisal. The average, median, low and high sales prices are provided to illustrate where the subject fits within the competitive market. MLS documentation is provided for all sales, where available.

The original and reviewer comparables are integrated into the grid to provide comparisons of all comparables. Two comparable grids are provided. The first is sorted by proximity to the subject; and the second is sorted by sale price.

**Location Map**
Location maps that include all comparables considered in the valuation for at-a-glance review for proximity, neighborhood boundaries, and externalities.

**Aerial Imagery Addendum**
Aerial views of the subject property (north, south, east, west, from directly overhead and satellite) that help identify externalities such as power lines, aqueducts or commercial properties behind subject's home—all things not easily seen from the street but could affect value.

**Retrospective HDI Online**
Clear Capital Home Data Index™ (HDI) Online is an easy-to-read, address-level snapshot of relevant HDI indicators including market performance; market direction; market trends; indexed market value; and a dashboard of real estate owned (REO) tools such as REO saturation, discount and days on market indicators.

**Additional MLS Sale Transactions & Comparables**
List of surrounding market sales that were considered in the valuation providing a broader view of market activity as of the effective date of the Appraisal being reviewed.

## I. Scope of Work

**Scope of Work**
The Collateral Desktop Analysis is limited to a review of the data provided by the appraisal under review and available supplemental data to determine the overall reliability of the appraisal under review and to support an alternate market value should it be determined that: 1) the value conclusion of the appraisal under review lacks adequate and reasonable market support, and 2) sufficient data is available for the review appraiser to render an opinion of value of the subject property within the scope of this desktop assignment. Adequate support for a disagreement in value must be provided per applicable Uniform Standards of Professional Appraisal Practice (USPAP). The review appraiser is not required to replicate the steps completed by the original appraiser that the review appraiser believes to be reliable and in compliance with the applicable real property appraisal development standards of USPAP. Those items in the appraisal report under review are extended to this report by the use of an extraordinary assumption, which is described in Section II of this report.

At a minimum, the Reviewer must:
1. Complete a review of the appraisal presented for completeness, relevance, appraisal methodology, and reasonableness;
2. Consult and consider supplemental market data from available data sources;
3. Determine if the value conclusion of the appraisal under review is reasonable and is adequately supported;
4. If the value conclusion of the appraisal under review is deemed adequately supported, the review appraiser must;
   a. Provided detailed commentary regarding the facts of the original value conclusion,
   b. Comment and provide adequate detail of the supplemental data considered that supports the original value conclusion;
5. If the value conclusion of the appraisal under review is deemed inadequately supported, the review appraiser must:
   a. Develop an opinion and disclose the detailed reasoning that supports the disagreement in value;
   b. Develop an opinion and support the alternate value in accordance with USPAP;
   c. Should there be insufficient data to derive or support an alternate value, adequate supporting commentary should be provided along with a recommendation for a follow up action.

The Reviewer is NOT required to:
1. Reconfirm all the factual data contained within the appraisal under review;
   a. An extraordinary assumption is made that the appraisal under review contains credible factual information for the subject property, all comparables, and any market data contained within the review report, unless the review appraiser identifies errors that are explained in this report;
2. Physically inspect the subject property or any of the comparables contained with the original review report or comparables presented in support of the alternate value, if applicable.

**Definition of Market Value**
Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and acting in what they consider their own best interests; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. (Source of Market Value Definition: Uniform Standards of Professional Appraisal Practice and Advisory Opinions 2010-2011 Edition, Appraisal Standards Board, The Appraisal Foundation, effective January 1, 2010, page A-105)

**Additions to Scope of Work (if applicable)**

## II. Extraordinary Assumptions

**Extraordinary Assumptions**
An extraordinary assumption is made that valuation report(s) provided contain credible factual information for the subject property, all comparables, and any market data contained within the report(s), including inspection information provided, unless evidence to the contrary is found during the course of this desktop review and stated as such. The appraiser did not perform a physical inspection, interior or exterior of the subject property or any of the comparable sales found in the valuation report(s) provided and assumes that the inspection information reported within the valuation report(s) provided is accurate as of the date of inspection(s), unless otherwise stated. Should the information found in the valuation report(s) be inaccurate, these assumptions could significantly alter the opinions and conclusions contained within this report.

**Hypothetical Conditions**
Hypothetical conditions are contrary to what is known to exist but are asserted for the purpose of analysis. No hypothetical conditions were made as part of this appraisal review assignment, unless stated here.

**Additions to Extraordinary Assumptions And Hypothetical Conditions (if applicable)**

## III. Limiting Conditions

**Certificate of Limiting Conditions**

1. The review appraiser did not perform a physical inspection, interior or exterior, of the subject property or any of the comparable sales found in the appraisal under review or of the additional comparable sales provided to the Client.
2. The review appraiser assumes no responsibility for matters of a legal nature affecting the property which is the subject of this assignment or the title thereto, nor does the review appraiser render any opinion as to the title, which is assumed to be good and marketable.
3. The review appraiser assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The review appraiser assumes no responsibility for such conditions, or for engineering which might be required to discover such factors.
4. Information, estimates, and opinions furnished to the review appraiser, and contained in the appraisal under review, were obtained from sources considered reliable and believed to be true and correct, unless stated elsewhere. If contradictory information is obtained and deemed reliable, the review appraiser will cite that source and the assumptions associated with that information. However, no responsibility for accuracy of such items furnished to the review appraiser can be assumed by the review appraiser.
5. Disclosure of the contents of the review report is governed by the USPAP and the Bylaws and Regulations of the professional appraisal organizations with which the review appraiser is affiliated.
6. No change of any item in the review report shall be made by anyone other than the review appraiser and the review appraiser shall have no responsibility for any such unauthorized change.
7. The use of this review report is subject to the requirements of the Appraisal Institute (if I am a member of the Appraisal Institute) relating to review by its duly authorized representatives.
8. The use of this review report is restricted to the named client within this review report. Use by anyone other than the named client is prohibited without written consent by the named client and this review appraiser.
9. The Reviewer is not required to give testimony or appear in court because of having made the review, unless prior arrangements have been made.

**Additions to Limiting Conditions (if applicable)**

## IV. Reviewer Certification

**I certify that, to the best of my knowledge and belief:**

1. The statements of fact are true and correct
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial and unbiased professional analyses.
3. I have no (or the specified) present or prospective interest in the property that is the subject of the work under review and no (or the specified) personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of the work under review or to the parties involved with this assignment.
5. No one provided significant appraisal or appraisal review assistance in the completion of this report unless otherwise stated in the comment box below.
6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
7. My compensation is not contingent on an action or event resulting from the analyses, opinions, or conclusions in this review or from its use.
8. My compensation for completing this assignment is not contingent upon the development or reporting of predetermined assignment results or assignment results that favors the cause of the client, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal review.
9. My analyses, opinions, and conclusions were developed and this review report was prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
10. The reported analyses, opinions and conclusions were developed, and this review report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute (if I am a member of the Appraisal Institute).
11. As of the date of this review report, I have completed the continuing education program of the Appraisal Institute (applies only if I am designated member).
12. I have performed no other services, as an appraiser or in any other capacity, regarding the property that is the subject of the work under review, within the three-year period immediately preceding acceptance of this assignment, unless otherwise mentioned in the commentary in this report.
13. I have not made a personal inspection of the subject of the work under review unless otherwise stated in the report.
